ENGINEERING ADHESIVES EIMEA

Cyberbond Eco Line: Label-Free Anaerobic Adhesives

The health protection and occupational safety of our customers is one of our priorities. Therefore H.B. Fuller has developed a new line of non-hazardous, label-free anaerobic adhesives that offers highest safety standards for the user: Cyberbond Eco Line. These adhesives are characterized by the fact that they don't contain any ingredients that are harmful to health. This reduces the risk for users and contributes to a safer and more environmentally friendly use without compromising performance. The new Eco Line offers threadlockers, a retainer, as well as a pipe and flange sealant for instant joints with different strength requirements. All products are available in 50 g and 250 g packaging.

Product	Technology	Key Properties	Colour	Max. Size of Thread	Temperature Resistance	Setting Time	Shear Strength / Breakaway Torque (on steel)	Viscosity	Product Image
ETM 44	Anaerobic Adhesive	Medium strength threadlocker, thixotropic, for threaded joints which can be disassembled with standard hand tools.	Blue	M20	-50 to +150 °C	10 - 30 s	10 - 18 Nm	3000 - 8000 mPa·s	
ETM 66	Anaerobic Adhesive	High strength threadlocker, medium viscosity, prevents loosening and leaking of threaded fasteners.	Green	M20	-50 to +150 °C	20 - 60 s	12 - 26 Nm	600 - 800 mPa·s	
ETH 62	Anaerobic Adhesive	High strength threadlocker, thixotropic, prevents loosening and leaking of threaded fasteners.	Red	M36	-50 to +180 °C	60 - 120 s	20 - 26 Nm	3000 - 4200 mPa·s	
ERM 88	Anaerobic Adhesive	High strength, for bonding of cylindrical fitting parts, high temperature resistance.	Green	M20	-50 to +180 °C	20 - 60 s	15 - 22 MPa	400 - 700 mPa·s	
ESH 22	Anaerobic Adhesive	Low strength, thixotropic, pipe and flange sealant and instant gasket.	White	R2	-50 to +150 °C	15 - 60 s	2 - 4 MPa	120000 - 250000 mPa·s	

ABOUT H.B. FULLER

Since 1887, H.B. Fuller has been a leading global adhesives provider focusing on perfecting adhesives, sealants and other specialty chemical products to improve products and lives. H.B. Fuller's commitment to innovation brings together people, products and processes that answer and solve some of the world's biggest challenges. Our reliable, responsive service creates lasting, rewarding connections with customers in electronics, disposable hygiene, health and beauty, medical, transportation, aerospace, clean energy, packaging, construction, woodworking, general industries and other consumer businesses. And, our promise to our people connects them with opportunities to innovate and thrive.
